Bus Schedules

2011 - 2012

Update Versions

Schedule Adjustments

As registrations arrive in the office and student placements change, "versions" of the original Master Bus Schedule are revised. Please check the web site @ WWW.SDST.org where all changes will be posted ASAP. All "shaded or highlighted sections have been revised and will remain so until the next update.

Special Notes

1 - You must read this schedule carefully as there are changes that make this schedule different from last year's.

2 - If you do not see a stop near your address, please call the Transportation Office at 215.233.6095 to verify we have you on the student list for your particular school.

3 - It generally takes two (2) weeks for everything to settle down with regard to pick up and drop off times. Know that we are working diligently to resolve any issues that arise.
