Educational Learning Product

Dear Parent/Guardian:

Recently, you completed and received approval for your student to attend and receive an excused absence for an educational trip and/or tour that will last longer than 3 days. In order for the absence to be excused, your child must complete an educational learning product to be turned in to the building principal or designee no later than 3 school days after returning from the trip.

Examples of an educational learning product include any of the following:

- **Essay/Written product (length determined by age level appropriateness)**
- **Video Essay or Similar Visual Media**
- **Presentation slides**
- **Drawing**
- **Compare/Contrast Diagram**
- **Other administrator approved product**

Thank you,

Building Administration Team
